

TRADEMARK REGISTRATION CERTIFICATES FOR CONTROLSYNC SOLUTIONS

PREAMBLE

WHEREAS, ControlSync Solutions, a corporation organized and existing under the laws of the State of Texas, with principal offices located in Austin, Texas, has successfully registered and obtained legal protection for its intellectual property trademarks;

WHEREAS, the United States Patent and Trademark Office has reviewed and approved the trademark registration application;

NOW, THEREFORE, the following document serves as official certification of trademark ownership and protection.

1.0 CERTIFICATE OF TRADEMARK REGISTRATION

1.1 Trademark Identification

- Trademark Registration Number: 87-TM-5629
- Official Registration Date: January 15, 2019
- Trademark Type: Standard Character Mark
- Registered Mark: "ControlSync"

1.2 Trademark Description

The registered trademark represents the corporate brand identity for ControlSync Solutions, specifically covering software and technological service marks in the industrial automation and predictive maintenance software domain.

2.0 TRADEMARK OWNERSHIP VERIFICATION

2.1 Legal Entity Ownership

- Registered Owner: ControlSync Solutions, Inc.
- Corporate Headquarters: 1200 Innovation Park Drive, Austin, TX 78758
- Legal Entity Type: Delaware Corporation
- Tax Identification Number: 84-3752619

2.2 Trademark Origin

- Date of First Use in Commerce: March 3, 2017
- Jurisdiction of Registration: United States Patent and Trademark Office
- Trademark Classification: Class 9 (Computer Software) and Class 42 (Technology Services)

3.0 TRADEMARK SCOPE AND COVERAGE

3.1 Registered Trademark Classes

- Primary Class: 9 - Computer Software and Hardware
- Secondary Class: 42 - Scientific and Technological Services
- Specific Coverage: Industrial automation software, predictive maintenance platforms, operational intelligence systems

3.2 Geographic Coverage

- Primary Jurisdiction: United States of America
- Secondary Jurisdictions: Canada, European Union
- International Protection Status: Pending additional international trademark applications

3.3 Exclusionary Provisions

The trademark registration explicitly excludes generic terms related to industrial control systems and does not provide protection for descriptive terminology commonly used in industrial automation contexts.

4.0 REGISTRATION VALIDITY AND RENEWAL TERMS

4.1 Registration Period

- Initial Registration Duration: 10 years
- Initial Registration Expiration: January 15, 2029
- Renewal Eligibility: Begins 6 months prior to expiration

4.2 Maintenance Requirements

- Mandatory Declaration of Use: Required between 5th and 6th year of registration
- Renewal Documentation: Comprehensive evidence of continuous commercial use
- Renewal Fee: Subject to current USPTO fee schedule

5.0 LEGAL PROTECTIONS AND ENFORCEMENT RIGHTS

5.1 Infringement Protection

ControlSync Solutions retains full legal rights to pursue civil and criminal actions against unauthorized use, reproduction, or misrepresentation of its registered trademark.

5.2 Enforcement Mechanisms

- Cease and Desist Proceedings
- Monetary Damages Recovery
- Injunctive Relief
- Potential Federal Litigation

6.0 TRADEMARK USE RESTRICTIONS

6.1 Authorized Usage Guidelines

- Trademark may only be used in direct association with ControlSync Solutions' authorized products and services
- Precise visual and typographic standards must be maintained
- No modifications to trademark design or character representation permitted

6.2 Licensing Restrictions

- Commercial licensing requires explicit written authorization
- Sub-licensing of trademark prohibited without comprehensive legal review

DEFINITIONS

- "Trademark": Registered visual and textual representation of corporate brand identity
- "Use in Commerce": Legitimate commercial application of registered mark
- "Infringement": Unauthorized reproduction or misuse of protected trademark
