

Series B Funding Source Verification Report

Confidential Document

Prepared for: Nexus Intelligent Systems, Inc.

Date of Preparation: January 22, 2024

Confidentiality Level: Restricted

1. Executive Summary

This Series B Funding Source Verification Report ("Report") provides a comprehensive analysis of the funding sources, verification protocols, and financial integrity assessment for Nexus Intelligent Systems, Inc. (the "Company") in connection with its ongoing Series B funding round.

1.1 Purpose of Report

The primary objectives of this verification report include:

- Confirming the legitimacy of potential funding sources
- Validating the financial capacity of prospective investors
- Documenting the due diligence process for investor verification
- Establishing a comprehensive record of funding source evaluation

2. Funding Source Verification Methodology

2.1 Verification Protocols

The following rigorous verification protocols were implemented:

a) Investor Background Screening

- Comprehensive background checks on all potential investors
- Verification of investor accreditation status
- Analysis of historical investment portfolios
- Assessment of financial standing and investment capacity

b) Documentation Review

- Examination of investor financial statements
- Verification of funding commitment letters

- Review of investor corporate documentation
- Validation of source of funds documentation

2.2 Investor Classification

2.2.1 Institutional Investors

- Venture Capital Firms: Confirmed participation
- Private Equity Entities: Detailed verification completed
- Institutional Investment Funds: Comprehensive background checks performed

2.2.2 Individual Accredited Investors

- Net worth verification completed
- Accreditation status confirmed
- Investment history and capacity validated

3. Financial Integrity Assessment

3.1 Funding Source Breakdown

Preliminary funding source allocation:

Investor Category	Committed Amount	Percentage
-----	-----	-----
Venture Capital	\$6,500,000	43.3%
Private Equity	\$4,250,000	28.3%
Strategic Investors	\$3,250,000	21.7%
Individual Investors	\$1,000,000	6.7%

3.2 Risk Mitigation Strategies

- Enhanced due diligence on all funding sources
- Multi-tier verification process
- Continuous monitoring of investor backgrounds
- Comprehensive documentation retention

4. Legal Compliance Verification

4.1 Regulatory Compliance

- Full compliance with SEC regulations
- Adherence to investment disclosure requirements
- Verification of investor eligibility criteria

4.2 Anti-Money Laundering (AML) Checks

- Comprehensive AML screening completed
- Source of funds thoroughly investigated
- No adverse findings detected

5. Limitations and Disclaimers

5.1 Scope of Verification

This report represents a snapshot of funding source verification as of January 22, 2024. Ongoing monitoring and periodic re-verification are recommended.

5.2 Legal Disclaimer

This document is prepared solely for internal use and confidential review. Any reproduction or distribution without explicit written consent is strictly prohibited.

6. Certification

Based on the comprehensive verification process, we certify that the funding sources for Nexus Intelligent Systems, Inc.'s Series B round have been thoroughly vetted and meet all required legal and financial standards.
