### **MAINTENANCE SCHEDULE - AUTOMATED FREEZER SYSTEMS**

# **MAINTENANCE SCHEDULE - AUTOMATED F**

Polar Dynamics Robotics, Inc.

Document Reference: PDR-MS-2024-001

Effective Date: January 15, 2024

### 1. GENERAL PROVISIONS

1 This Maintenance Schedule ("Schedule") establishes the required n

2 This Schedule shall be incorporated by reference into all Service Le

| 2. DEFINITIONS | 2. D | EFIT | OITIN | NS |
|----------------|------|------|-------|----|
|----------------|------|------|-------|----|

| 1 ' | Critical Co | mponents | " means the | BlueCore | (TM) | navigation | n system |
|-----|-------------|----------|-------------|----------|------|------------|----------|
|-----|-------------|----------|-------------|----------|------|------------|----------|

- 2 "Maintenance Window" means the designated period during which s
- 3 "Qualified Technician" means an individual certified by PDR to perfo

#### 3. SCHEDULED MAINTENANCE REQUIREMENTS

1 Daily Inspections

Visual inspection of chassis integrity

-

Battery charge level verification

- -2-

Navigation sensor calibration check

\_

Operating temperature log review

-

Error code analysis and documentation

2 Weekly Maintenance

-

BlueCore(TM) system diagnostic scan

-

Thermal seal integrity verification

\_

Drive system lubrication

-

| Sensor sleaning and alignment        |
|--------------------------------------|
| -                                    |
| Software version confirmation        |
|                                      |
| 3 Monthly Service                    |
| -                                    |
| Full system performance analysis     |
| -                                    |
| Battery capacity testing             |
| -                                    |
| Navigation accuracy validation       |
| -                                    |
| Thermal management system inspection |
| -                                    |
| Firmware updates as required         |
|                                      |

- - 4 -

Mechanical stress point examination

4 Quarterly Overhaul

-

Complete disassembly and inspection

\_

Replacement of wear components

-

Full calibration of all systems

-

Load testing under maximum stress

-

Safety system certification

-

| Documentation update and compliance review                             |
|--|
| 4. MAINTENANCE PROCEDURES  |
| 1 All maintenance activities shall be performed by Qualified Technicia |
| 2 Maintenance records must be logged in PDR's digital maintenance      |
| 3 Parts replacement shall utilize only PDR-certified components meet   |
| 4 Any deviation from standard maintenance procedures requires written  |
| 5. ENVIRONMENTAL REQUIREMENTS  |
| 1 Maintenance activities shall be performed in temperature-controlled  |
| _  |
|  |
|  |

| Ambient temperature: -5 C to +20 C                                |
|---|
| -   |
| Humidity: <65%  |
| -   |
| Air particulate level: ISO Class 8 or better                      |
| 2 Emergency maintenance may be performed in operating environment |
| 6. DOCUMENTATION REQUIREMENTS                                     |
| 1 Required maintenance records include:                           |
|   |
| - Service date and time   |
| - Service date and time   |
| - Service date and time - Technician identification               |

- - 7 
Maintenance actions performed

Parts replaced or serviced

Test results and measurements

Environmental conditions

Next scheduled service date

2 Records shall be maintained for a minimum of five (5) years from the

# 7. COMPLIANCE AND SAFETY

| 1 All maintenance activities must comply with:                       |
|--|
| -  |
| OSHA safety requirements   |
| -  |
| PDR safety protocols   |
| -  |
| Client facility safety requirements                                  |
| -  |
| Applicable industry standards  |
| <u>-</u>   |
| Local regulatory requirements  |
| 2 Personal protective equipment appropriate for sub-zero environment |
| 8. WARRANTY IMPLICATIONS   |
|  |

| 1 Failure to adhere to this Maintenance Schedule may void equipment |
|---|
| 2 PDR reserves the right to inspect maintenance records and refuse  |
| 9. AMENDMENTS   |
| 1 PDR may update this Schedule upon thirty (30) days written notice |
| - Tack sized improvements   |
| Technical improvements  |
| Safety requirements   |
| -   |
| Regulatory changes  |
| - Performance optimization requirements                             |
| r enormance optimization requirements                               |
|   |
|   |
|   |
|   |

# 10. AUTHORIZATION

| This Maintenance Schedule is authorized and approved by: |
|--|
| _  |
| Dr. James Barrett  |
| Chief Robotics Officer                                   |
| Polar Dynamics Robotics, Inc.                            |
| Date: _  |
| _  |
| Sarah Nordstrom  |
| Chief Operating Officer                                  |
| Polar Dynamics Robotics, Inc.                            |
