NETWORK INFRASTRUCTURE PROTECTION GUARANTEE

EFFECTIVE DATE: January 11, 2024

DOCUMENT NUMBER: NIPG-2024-011

ISSUED BY: DeepShield Systems, Inc.

STATE OF INCORPORATION: Delaware

1. PREAMBLE

This Network Infrastructure Protection Guarantee (the "Guarantee") is issued by DeepShield Systems, Inc., a Delaware corporation with its principal place of business at 2200 Innovation Drive, Suite 400, Wilmington, Delaware 19801 ("DeepShield" or the "Company").

2. DEFINITIONS

1. "Protected Infrastructure" means the industrial control systems (ICS), operational technology (OT) environments, SCADA networks, and associated components protected by DeepShield's security solutions.

2. "Security Event" means any unauthorized access, breach, or compromise of Protected Infrastructure that results in operational disruption, data loss, or system compromise.

3. "Deep-Layer Security Architecture" means DeepShield's proprietary security framework incorporating AI-driven threat detection, real-time monitoring, and adaptive defense mechanisms.

3. SCOPE OF GUARANTEE

1. DeepShield hereby guarantees that Protected Infrastructure utilizing its complete Deep-Layer Security Architecture will maintain operational integrity against Security Events, subject to the terms and conditions herein.

2. This Guarantee applies exclusively to:

a) Properly installed and maintained DeepShield security solutions

b) Systems operating within DeepShield's specified parameters

c) Environments compliant with DeepShield's security recommendations

d) Infrastructure under active monitoring by DeepShield's systems

4. PROTECTION COMMITMENTS

1. DeepShield commits to:

a) Maintain 99.99% uptime for security monitoring services

b) Detect and respond to threats within 15 seconds of identification

c) Provide real-time alerts for all critical security events

d) Deploy countermeasures within 30 seconds of threat validation

e) Maintain continuous backup of critical system configurations

2. Response Requirements:

a) 24/7/365 security operations center availability

b) Maximum 15-minute response time for critical incidents

c) Incident containment within 1 hour of detection

d) Full incident resolution within 4 hours for critical events

5. FINANCIAL PROTECTION

1. DeepShield provides financial protection up to $10,000,000 USD per incident for:

a) Direct operational losses

b) System restoration costs

c) Data recovery expenses

d) Business interruption damages

2. Coverage Limitations:

a) Annual aggregate limit of $25,000,000 USD

b) Per-client sublimit of $15,000,000 USD

c) Minimum deductible of $50,000 USD per incident

6. EXCLUSIONS

1. This Guarantee does not cover losses resulting from:

a) Client's failure to implement required security measures

b) Unauthorized system modifications

c) Force majeure events

d) Physical security breaches

e) Internal employee sabotage

f) Pre-existing vulnerabilities not disclosed to DeepShield

7. CLAIMS PROCESS

1. To initiate a claim under this Guarantee, clients must:

a) Notify DeepShield within 24 hours of incident discovery

b) Provide full access to affected systems

c) Maintain detailed incident logs

d) Cooperate with DeepShield's investigation

e) Submit documented proof of loss within 30 days

8. TERM AND TERMINATION

1. This Guarantee remains effective for the duration of the associated service agreement.

2. DeepShield may terminate this Guarantee upon:

a) Material breach of service agreement

b) Failure to maintain required security standards

c) False or fraudulent claims

d) Non-payment of fees

9. GOVERNING LAW

1. This Guarantee shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to conflicts of law principles.

10. EXECUTION

IN WITNESS WHEREOF, DeepShield Systems, Inc. has caused this Network Infrastructure Protection Guarantee to be executed by its duly authorized representative.

DEEPSHIELD SYSTEMS, INC.
