# PEAK PERFORMANCE PLATFORM API DOCUMENTATION - PROPRIETARY

**CONFIDENTIAL AND PROPRIETARY**

Summit Digital Solutions, Inc.

Version 3.2.1

Last Updated: January 9, 2024

## 1. PROPRIETARY NOTICE AND CONFIDENTIALITY

This document contains proprietary and confidential information of Summit Digital Solutions, Inc. ("Company"). By accessing this documentation, the recipient acknowledges and agrees to maintain the confidentiality of all information contained herein and to use such information solely for authorized purposes pursuant to a valid license agreement or other written authorization from the Company.

## 2. DEFINITIONS

1. "API" means the application programming interfaces for the Peak Performance Platform.

2. "Documentation" means this proprietary documentation, including all specifications, protocols, and technical requirements contained herein.

3. "Platform" means the Company's Peak Performance Platform, including all components, modules, and associated intellectual property.

4. "Licensed Materials" means the API, Documentation, and any related technical materials provided by Company.

## 3. INTELLECTUAL PROPERTY RIGHTS

1. **Ownership**

All right, title, and interest in and to the Platform, API, and Documentation, including all intellectual property rights therein, are and shall remain the exclusive property of Summit Digital Solutions, Inc. No rights or licenses are granted except as expressly set forth in an applicable license agreement.

2. **Protected Materials**

The API architecture, protocols, data structures, and implementation methodologies described herein constitute trade secrets and confidential information of the Company, protected under applicable intellectual property laws.

## 4. API SPECIFICATIONS

1. **Core Components**

- Authentication Service Layer (ASL)

- Data Integration Framework (DIF)

- Machine Learning Pipeline Interface (MLPI)

- IoT Device Management Protocol (IDMP)

- Analytics Processing Engine (APE)

2. **Security Architecture**

- OAuth 2.0 implementation with proprietary extensions

- Multi-factor authentication integration

- Role-based access control (RBAC)

- End-to-end encryption protocols

- Audit logging and compliance tracking

## 5. TECHNICAL REQUIREMENTS

1. **System Requirements**

- Minimum server specifications: 8-core processor, 32GB RAM

- Supported operating systems: Red Hat Enterprise Linux 8+, Ubuntu Server 20.04+

- Database compatibility: PostgreSQL 13+, MongoDB 5.0+

- Network requirements: 1Gbps dedicated connection minimum

2. **Integration Prerequisites**

- SSL/TLS 1.3 compliance

- IPv6 support

- Container orchestration compatibility (Kubernetes 1.22+)

- Message queue support (Apache Kafka 2.8+)

## 6. USAGE RESTRICTIONS

1. **Prohibited Activities**

- Reverse engineering of API components

- Unauthorized modification of protocols

- Distribution of Documentation to third parties

- Creation of derivative works

- Competitive analysis or benchmarking

2. **Compliance Requirements**

- Mandatory security scanning

- Quarterly compliance audits

- Change management documentation

- Access control implementation

- Data retention policy adherence

## 7. SUPPORT AND MAINTENANCE

1. **Version Control**

All API versions are maintained in accordance with Company's version control policy. Deprecation notices will be provided minimum 180 days in advance.

2. **Technical Support**

Support services are provided exclusively through Company's authorized support channels pursuant to applicable service level agreements.

## 8. LIABILITY AND DISCLAIMERS

1. THE LICENSED MATERIALS ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED.

2. COMPANY DISCLAIMS ALL WARRANTIES, INCLUDING BUT NOT LIMITED TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

## 9. GOVERNING LAW

This Documentation and all rights and obligations hereunder shall be governed by and construed in

accordance with the laws of the State of Delaware, without regard to conflicts of law principles.

## 10. ACKNOWLEDGMENT

The undersigned acknowledges receipt of this Documentation and agrees to be bound by its terms.
